Deputy Secretary William Clark
State Department
Washington, D. C.

Dear Deputy Secretary Clark:

There are so many areas in which this Administration is blundering. In its belligerency it is pointing the finger at Israel, our only stable ally in the Mid-East. Why? Why the cease fire against the terrorist PLO? To give these killers time to recoup for more terror against innocent victims in Israel!

The nuclear reactor in Iraq would have brought a conflagration in the Middle East and the rest of the world. Is this what the nations of the world want? So it seems with France, Russia, the Islamic nations including the United States jumping on the bandwagon to rebuild this deadly menace in Iraq to be used in their "holy" war against Israel.

The delivery of F 16's to our ally Israel was not materialized, but the Administration is in a great to preserve the Senate and Congress for F 15's and AWACS to the hostile and volatile Saudis.

The latest affront to our democracy will be the heinous crime next month against Prime Minister Menachem Begin by President Reagan, Mr. Haig and the State Department, also Mr. Weinberger. All this after Israel accomplished a very courageous feat in destroying the deadly Iraq nuclear reactor menace.

It is frustrating and bewildering in its immorality!

Whatever happened to the sanity of mankind?

Respectfully yours,

Rabbi Daniel L. Lee
